EDUCATION

- 2022-2026
SAVEETHA UNIVERSITY
- Bachelor of Computer Science Engineering
- CGPA : 8.7 / 10

- 2020-2021
JAWAHAR MATRIX HR. SCH

- High School Graduate
- Percentile : 89%

SKILLS

- Python programming
- Java programming
- SQL
- web development
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- English (Fluent)
- Tamil (Fluent)
- Hindi (Basics)
- Japanese (Intermediate)

PROFILE

I am a motivated and detail-oriented Computer Science Engineering student with a strong foundation in programming, software development, and data structures. I am skilled in languages such as Python, Java, C and C++. Passionate about solving complex problems, I continuously seek opportunities to apply my knowledge in real-world projects while learning new tools and technologies. My goal is to contribute meaningfully to innovative solutions in the tech industry.

DEVELOPMENTS

- Technical knowledge** 2022-2026
 - Engaged in comprehensive coursework including algorithms, data structures, software engineering, and web development.
 - Conducted research on machine learning models for predictive analytics, applying Python and TensorFlow.
 - Participated in coding competitions, ranking in the top 10% for algorithm problem-solving.
- Skill Development** 2024-present
 - Collaborated on team-based projects, developing a full-stack web application
 - Worked closely with senior developers to optimize database queries, enhancing application performance.
 - Served as the class representative, facilitating communication between faculty and students.
- Personal Project** 2022-2026
 - Developed a personal portfolio website using HTML, CSS, and JavaScript, and showcasing various academic project
 - I designed and developed a football court project that utilizes sensors to accurately measure the speed of the ball in real time.

ADDITIONALS

Hobbies :

- Traveling
- Gardening
- Coding

Certifications :

- Python course, Udemy
- 20+ courses on Great Learning, Mind Luster, Infosys.
- Project on CodeChef
